

Village of Laurium  
Special Council Meeting  
Tuesday, June 1, 2021

**Present:** Schneiderhan and Sullivan.

**Absent:** Carlson, Djerf, Erickson, Jenich-Laplander and Salani.

**Guests:** Burch Goldner, Beverly Terrill, and Edward Vertin.

Since there was not a quorum of the council present, President Sullivan gave an overview of the role the planning commission will play. A master plan for the village needs to be developed. The planning commission will decide what is going to be the focus and figure out a way to implement the plan, so the village is eligible for grants and other funding to achieve the goals in the master plan.

President Sullivan will schedule another date when more people that are interested are available to attend. In the meantime, he suggested getting familiar with other municipality's master plans and checking the MML website for information.

Respectfully submitted,

Patricia M. Golus, Clerk
